UNITED WAY BLACKHAWK REGION AWARDS COMMUNITY GRANT TO FAMILY SERVICES

Family Services is pleased to receive grant awards from United Way Blackhawk Region (UWBR) totaling \$265,000 to support its mission to restore and enhance lives in our community through advocacy, education, counseling and case management. These funds will go to several of the programs under the Family Services umbrella.

“We are grateful for the continued support and investment of the community through the United Way Blackhawk Region in our organization and the community,” says John Pfleiderer, Executive Director. “Our programs address a vast area of needs in our community by working independently or in collaboration with each other and other services in the area. As one of the oldest social service agencies in the Greater Beloit community, we are committed to helping families improve their lives and respond to their needs.”

Programs receiving United Way funding are the Beloit Domestic Survivor Center, the Sexual Assault Recovery Program (SARP), CASA of Rock County, the Individual and Family Counseling Program and Youth2Youth 4 Change.

For more than 80 years, Family Services has worked to help individuals overcome child abuse, domestic violence, sexual assault, financial set-backs and other crises of the human spirit. We’ve been able to do that in no small part due to the strong local support of our work from this community.
